## SUMMARY

---

Software Engineer with extensive experience in full stack development, specializing in Vue.js and Laravel. Proven ability to enhance application performance, optimize user experience, and implement scalable solutions. Skilled in API integrations and containerization, with a strong focus on modern web standards and best practices.

## SKILLS

---

Vue.js (Nuxt.js, Vuex, Pinia, Vitest), JavaScript (TypeScript, Node.js), PHP (Laravel ecosystem), Rest API (OpenAPI 3.0, Swagger, Postman), CSS (SCSS, Tailwind, Bootstrap), Linux / Docker / Bash scripting, User Experience Improvement, Containerization

## WORK EXPERIENCE

---

### Interactive Systems

Nov 2021 - Mar 2024

Full Stack Developer (Vue.js)

- Spearheaded the modernization of legacy code and frameworks, significantly enhancing application performance and security by transitioning Node versions from 8 to 18 across all Nuxt.js projects.
- Developed a Vue.js application to create digital menu cards, simplifying operations for customers in the food service industry.
- Led the containerization of projects, streamlining the deployment process and achieving a more scalable and maintainable infrastructure.
- Implemented API integrations to extend functionality and improve data exchange between various systems.

### MyLead

Aug 2020 - Nov 2021

Full Stack Developer

- Created, developed, and documented an internal system for domain management, reducing the workload of the development team by 15% per week using the Laravel PHP framework.
- Integrated APIs and developed a payment system for the user panel using the Angular framework.
- Updated and refactored the code of the main platform serving over 400k affinity network users and publishers.

### Flow2Code

Jun 2018 - Aug 2019

Full Stack Developer

- Contributed to the development and maintenance of software solutions, employing Vue.js and Laravel to deliver robust and scalable applications.
- Created an algorithm to support a car-sharing application.

## EDUCATION

---

### WSB Merito University

Mar 2024 - Feb 2026

Information Technology, Master's degree

### WSB Merito University

Mar 2020 - Jan 2024

Information Technology, Bachelor of Science

### Poznan University of Technology

Sep 2019 - Sep 2020

Information and Communications Technology, Bachelor of Science

## CERTIFICATIONS

---

### Certified Senior Vue.js Developer

Vue.js certification - <https://certificates.dev/vuejs/certificates/9e4a858f-c8c0-40e5-985a-e76410a64e4b>

### Certified Vue.js Developer

Vue.js certification - <https://certificates.dev/vuejs/certificates/9c487b9b-2ec6-4a9b-be6c-6c1adb1d2352>

### 3124 - SUSE Linux Enterprise Server 12 Administration

Linux server management certification
